The structure and instruments of governance

The governance structure of Zignago Vetro is a traditional system comprising of a Board of Directors and a Board of Statutory Auditors; an audit is undertaken by an independent audit company in accordance with law. The Company, as much as possible in line with the recent regulations introduced and with the principles contained in the Self-Governance Code, has adopted the following governance structure:

Shareholders’ Meeting;

Lead Independent Director;

Independent Audit Company.

Shareholders’ Meeting

The Shareholders’ Meeting represents all of the shareholders and is convened in accordance with the provisions of law and regulations for companies with listed shares to pass resolutions reserved for them by law or by the Company By-Laws.

Board of Directors

The central role in planning the strategy of the Company is attributed to the Board of Directors which, in accordance with article 15 of the By-Laws is composed of between 5 and 14 members. The Shareholders’ Meeting decides the number of members on the Board of Directors, their appointments within the above-mentioned limits and the duration of office which cannot be more than 3 years. The offices held by the directors appointed expire on the date of the Shareholders’ Meeting called for the approval of the financial statements of the final year of office and they may be re-elected. The appointment of the Board of Directors must occur through the voting of slates which allows the minority shareholders to elect one director. The minimum shareholding required for the presentation of a slate of candidates is currently 2.5% of the ordinary shares. Each slate must indicate at least one independent candidate in possession of the necessary legal requisites, or 2 in the case of a Board of Directors which is composed of more than 7 members. The Board of Directors, in accordance with article 17 of the By-Laws, on March 22, 2007, passed a resolution to create an Internal Control Committee and a Remuneration Committee.

The functions in accordance with law are reserved to the Statutory Auditors. In accordance with article 20 of the By-Laws, the Board of Statutory Auditors consists of three Statutory Auditors and two alternate auditors, shareholders or non-shareholders. Each of the members of the Board of Statutory Auditors must possess the honourability requisites and be independent in accordance with law.

The appointment of a statutory auditor and an alternate auditor, in accordance with the By-Laws (article 20), is reserved for the minority lists of shareholders with a minimum holding of at least 4% of the ordinary shares. Nomination and replacement of the directors and changes to the company by-laws

The Shareholders’ Meeting determines the number of members on the Board of Directors and its appointment, within the limits stated *above* in paragraph 1.2, as well as the duration of the relative offices which cannot be longer than three years. The offices held by the directors appointed expire on the date of the Shareholders’ Meeting called for the approval of the financial statements of the final year of office and they may be re-elected. The Shareholders’ Meeting can change the number of directors during the course of its mandate, within the limits set out above and in the manner that is described as follows; the mandate of these directors ceases when one of the other directors previously described is appointed.

The members of the Board of Directors are elected on the basis of slates of candidates, in accordance with the following procedures.

Shareholders who represent at least 2.5% of the paid in and subscribed share capital at the date of the presentation of the slate, or another amount established by Consob regulations, taking account of the floating capital and of share structures of the listed company, can present a slate of candidates with no more candidates than those to be elected, progressively numbered.

Each shareholder may present or be a candidate on only one slate; in case of breach, they are excluded from all slates. The shareholders adhering to a shareholders’ pact in accordance with article 122 of the Finance Act can present and vote on only one slate. The votes in violation of this will not be attributed to any slate; each candidate can be presented only on one slate at the risk of being declared ineligible.

The slates must be filed at the Company registered office and published at the expense of the proposing shareholder(s), in at least 2 nationally distributed newspapers, at least 15 (fifteen) calendar days prior to the date scheduled for the Shareholders’ Meeting in first call. The ownership of the necessary number of shares for the presentation of a slate is demonstrated by the shareholders through filing at the registered offices of the Company, at least 15 days before the date fixed for the Shareholders’ Meeting in first convocation, a copy of the certification issued in accordance with law by the authorised parties. Together with each list, within the terms indicated above, declarations must be filed with which the individual candidates accept their candidature and attest to the inexistence of causes of ineligibility and of incompatibility and the existence of the requisites required by regulations in force for the assumption of office, including any possible declarations of independence required in accordance with the Self-Governance Code and regulations in force, as well as the curriculum vitae of each candidate, with indication of the offices held.

Each list must contain and expressly indicate the candidature of at least one party, or two in the case of a Board of Directors composed of more than seven members, being independent in accordance with article 148, paragraph 3, of the Finance Act and with article 147-*ter*, paragraph 4, of the Finance Act (“**Independent Directors ex article 147-*ter***”)

The candidates elected at the end of the voting shall be those on the two slates that have obtained the higher number of votes, with the following criteria:

From the list which obtained the highest number of votes (the “**Majority Slate**”) all of the members of the Board of Directors are elected except one, as established by the Shareholders’ Meeting; the candidates are elected, up to the number required from the slate;

From the slate which obtained the second highest number of votes and not connected in any way, even indirectly, with the shareholders who presented or voted on the majority slate (the “**Minority Slate**”), one director is elected, who is the candidate indicated in the first position on the same slate; however, when from the Majority Slate one or two Independent Directors in accordance with article 147-ter can not be elected, the first person on the Minority Slate, (or the first two, in the case of a Board of Directors composed of more than seven members) is elected as an Independent Director in accordance with article 147-ter indicated in the Minority Slate.

The candidate listed in first position on the Minority Slate is elected as Chairman of Board of Directors.

When two slates obtain an equal amount of votes, a new vote is taken by the Shareholders’ Meeting, putting only the two slates concerned to the meeting.

Should only one slate be presented, the Shareholders' Meeting shall vote on it and should this slate obtain the statutory majority, the candidates listed in progressive order up to the number fixed by the Shareholders’ Meeting shall be elected as Directors. The candidate listed in the first position is elected as the Chairman of the Board of Directors.

For the inclusion of the Directors to be elected, consideration is not taken of the slates which have not obtained at least half of the votes required by the By-Laws of those present.

In the case of no slates being presented, the Shareholders’ Meeting appoints the Board of Directors by statutory majority.

The Independent Directors in accordance with article 147-ter who, after their appointment, are no longer independent, immediately must communicate this to the Board of Directors and, in every case, relinquish office.

In the case of the termination of office, for any reason, of one or more directors, the replacement is made in accordance with law, without the necessity to appoint a director from the slate of the director that resigned from the majority slate or from the minority slate. However, where the majority of the members of Board of Directors are no longer in office for whatever reason, the entire Board must resign and the Shareholders’ Meeting must be convened immediately by the remaining directors in office to reconstitute the Board.

Currently, the Company has not convened a Nominations Committee.

In relation to the role of the Board of Directors, the powers of the Board of Directors, in accordance with article 17 of the By-Laws and with that established by the Self-Governance Code, relate to the ordinary and extraordinary management of the Company, extending to all acts which the Board considers necessary for the reaching of the corporate objectives, excluding only that which is reserved by law to the Shareholders’ Meeting.

In accordance with article 17, the Board of Directors is attributed the powers to: (i) deliberate on mergers in accordance with articles 2505 and 2505 *bis* of the civil code; (ii) the establishment and closing of secondary offices; (iii) the reduction of share capital in the case of a decrease in the number of shareholders; (iv) the adjustments of the by-laws in accordance with regulations; (v) attributing the right of representation of the Company to directors; (vi) the appointment of executives responsible for the preparation of the corporate accounting documents; (vii) the transfer of the registered office within the national territory.

Change of control clauses

The Company or its subsidiaries have not stipulated significant agreements that are effective or would be modified or discharged in the case of a change in control of the Issuer.

Indemnities of directors in the case of dismissal and termination of employment without just cause following a public purchase offer

At the date of the present report, no agreements have been signed between the Parent Company and the directors which provide indemnity in the case of resignation or dismissal/revocation of office without just cause or termination of employment following a public purchase offer.

The Shareholders' Meeting of March 22, 2007 appointed the Board of Directors, fixing at 13 the number of directors, who remain in office until the approval of the accounts for the year ending December 31, 2009. In addition to that shown above, in Attachment 2 a brief description of the curriculum vitae of the members of the Board of Directors is provided.

The Board of Directors has not defined the general criteria relating to the maximum number of offices of administration and control in other companies that may be considered compatible with the proper carrying out of their duties as directors of the Issuer.

The remuneration of the Directors is determined by the Shareholders' Meeting, while that of Directors invested with particular offices is established by the Board in conjunction with the Board of Statutory Auditors. In conformity with the Self Governance Code, a part of the remuneration of the Corporate Boards and of senior management is dependent on the economic results achieved by the Company, as well as the reaching of specific objectives.

It is reported moreover, that at the date of the present Report, no stock option plans were assigned to Directors and/or senior managers of the Company.

Role of the Board of Directors

Article 16 of the By-Laws provides that the Board of Directors is convened in the place indicated on the convocation notice, even if a place differing from the registered offices, but in Italy or in another European Union country, whenever the Chairman or the Vice-Chairman if nominated, or the Chief Executive Officer if nominated, considers it necessary or when it is requested in written form by at least three of its members. The Board of Directors can be convened by the Board of Statutory Auditors, also individually, in accordance with article 151 of the Finance Act.

In accordance with the same article, the convocation of the meetings can be through telegram, telefax, or electronic message sent to each member of the Board of Directors and each member of the Board of Statutory Auditors at least three calendar days before the meeting. In cases of urgency, the By-Laws establish that the convening can be carried out, in the same manner, with notice of at least one day. In any case, also if the formalities above stated are not observed, the Board is considered validly constituted whenever all of the Directors and all of the Statutory Auditors are present.

The second paragraph of the same article provides moreover for the possibility that the meetings of the Board are held by teleconference or video-conference and is permitted on condition that all of the participants can be identified and that they can follow the discussions and intervene in real time in relation to the subject matters under discussion. A meeting of the Board of Directors shall be validly constituted when the majority of its members in office are present. Resolutions shall be adopted by a majority of Directors present; in case of a tie, the vote of the person chairing the meeting shall be decisive.

The Board of Directors must be convened at least 4 times during the year on the occasion of the preparation of the accounting results for the period. In 2007, 6 Board of Directors' meetings were held with a duration of between 2 and 3 hours.

The powers of the Board of Directors, in accordance with article 17 of the By-Laws and with that established by the Self-Governance Code, relate to the ordinary and extraordinary management of the Company, extending to all acts which the Board considers necessary for the reaching of the corporate objectives, excluding only that which is reserved by law to the Shareholders' Meeting.

In accordance with article 17, the Board of Directors is attributed the powers to: (i) deliberate on mergers in accordance with articles 2505 and 2505 *bis* of the civil code; (ii) the establishment and closing of secondary offices; (iii) the reduction of share capital in the case of a decrease in the number of shareholders; (iv) the adjustments of the by-laws in accordance with regulations; (v) attributing the right of representation of the Company to directors; (vi) the appointment of executives responsible for the preparation of the corporate accounting documents; (vii) the transfer of the registered office within the national territory.

Finally, it is noted that the Company has appointed Mr. Lino Benassi as the lead independent director, who is a non-executive director, and in particular one of the independent directors, which allows a greater contribution to the activities and the functioning of the Board of Directors.

Delegated bodies

In accordance with article 18 of the By-Laws, the representation of the Company in relation to judicial or administrative authorities and with third parties, as well as the corporate signature, lies with the Chairman of the Board of Directors as well as the Vice Chairman, and in a residual manner, to the directors and the procurators of which the Board of Directors has delegated powers, within the limits of those delegations. The Vice-Chairman Nicolò Marzotto exercises the function of Chairman in the case of the absence or impediment of this latter.

The Board of Directors has adopted model of powers which provides the conferment to the Chairman and the Chief Executive Officer, Franco Grisan, extensive operating powers and the legal representative of the Company against third parties in legal matters as per article 18 of the By-Laws. The Remuneration Committee periodically evaluates the criteria adopted for the remuneration of the executives with strategic responsibilities, supervises their application on the basis of the information provided by the chief executive officers and formulates general recommendations on the matter to the Board of Directors.

In 2007, the Remuneration Committee held two meetings.

In order to ensure a coherent internal control system, the Board of Directors on March 14, 2008 appointed the Director Alberto Faggion as executive director with the office of supervising the functioning of the internal control system, as well as, on the proposal of the same executive directors in office, to supervise the functionality of the internal control system and having consulted with the internal control committee, through Mr. GianPiero Canciani as internal control manager.

ORGANISATIONAL MODEL pursuant to Legislative Decree 231/2001

The Board of Directors of the Company, in the meeting of March 14, 2008, in relation to Legislative Decree No. 231 of June 8, 2001 (and successive modifications and integrations), which introduced a specific code of responsibility for companies for any type of offence and in accordance with that established by the regulations of Borsa Italiana for the quotation on the STAR segment adopted the “Model of organisation, management and control in accordance with Legislative Decree 231/2001”, responding to the requisites of the same Legislative Decree and prepared in accordance with the guidelines issued by Confindustria.

The adoption and efficient implementation of the organisational, management and control model is appropriate to prevent offences under the Legislative Decree; the Company may be exonerated from the responsibility consequent of offences made by “applicable” Parties and by persons subject to their supervision and direction.

The Model provides for a series of regulations on conduct, procedures and control activities, as well as a system of powers and delegations, in order to prevent the above responsibility arising. Moreover a disciplinary system was introduced which is applied in the cases in which the above model is not complied with.

In order to implement the model required by Legislative Decree 231/2001, a Supervisory Board was instituted (“OdV”) which is currently constituted of:

Office	Name	Place and date of birth
Chairman- Super. Board	Alessandro Bentsik	Venice, 13.02.1962
Member	Massimiliano Agnetti	Venice, 16.03.1973
Member	Nicola Campana	Noale (Ve), 05.10.1969

For the carrying out of the duties, the OdV is provided with its own budget.

Also at the meeting of March 14, 2008, the Board of Directors approved the By-Laws of the Supervisory Board, establishing the method for its appointment and composition, as well as the functions and the powers of the same.

The Supervisory Board will communicate to the Board of Directors, half-yearly, a written report on the Organisational, Management and Control Model.

The implementation of the detailed aspects of the activities contained in the Model is in course. The Model will be communicated to all personnel and third party consultants, clients, suppliers and partners, where deemed suitable and necessary.

Also in relation to the activities carried out and implemented by the Organisational and Management Model in accordance with Legislative Decree 231/2001, the Board of Directors on March 14, 2008 adopted the Ethics Code of the Company. In fact, as evidenced in the Guidelines for the construction of the models in accordance with Legislative Decree 231/2001, issued by Confindustria, the adoption of the relative ethics principles in order to prevent offences constitute an essential element of the preventative control system. In particular, the Ethics Code identifies the corporate values, together with the rights and the responsibilities of its subject, and applies sanctions in the case of breaches of the principles expressed in the same Code.

TRANSACTIONS WITH RELATED PARTIES

With reference to the procedures followed by the Company for operations with related parties, it is noted that in accordance with that contained in the Self-Governance Code, the Board of Directors' meeting of December 22, 2006 approved the regulation for inter-group transactions and with related parties, in which a procedure suitable to ensure that any operations with the related parties are carried out with respect to the correct criteria and procedures is described. This regulation, among others, defines the related party, establishes the principles of conduct which the bodies must adhere to with respect to the company in relation to related parties, indicating the procedures to follow for the communication of external information and also internally with regard to the operations with related parties.

APPOINTMENT OF STATUTORY AUDITORS

The appointment of the Statutory Auditors is carried out based on slates presented to the shareholders according to the procedure set out by article 20 of the By-Laws, reported below, in order to ensure that the minority slate appoints a Statutory Auditor holding the position of the Chairman and an alternate Auditor.

In relation to this, slates are presented in which the candidates are listed by progressive numbering. The slate is composed of two sections: one for candidates for the office of Statutory Auditor, and the other for candidates for the office of Alternate Auditor.

Only shareholders who together or with others represent at least 4% of the subscribed and paid-in share capital at the moment of the presentation of the slate have the right to present slates, or of a lesser amount if established by law or regulations.

Each shareholder may present or be a candidate on only one slate; in case of breach, they are excluded from all slates. Shareholders forming part of a shareholder pact in accordance with article 122 of the Finance Act can present and vote on only one slate. The votes in breach of this are not attributed to any slate.

The lists must be filed at the Company registered office and published at the expense of the proposing shareholder(s), in at least 2 Italian nationally distributed newspapers, 15 (fifteen) calendar days prior to the date scheduled for the Shareholders' Meeting in first call. The ownership of the necessary number of shares for the presentation of a slate is demonstrated by the shareholders through filing at the registered offices of the Company, at least 15 days before the date fixed for the Shareholders' Meeting in first convocation, a copy of the certification issued in accordance with law by the authorised parties. Together with each slate, within the terms indicated above, declarations must be filed with which the individual candidates accept their candidature and attest to the inexistence of causes of ineligibility and of incompatibility and the existence of the requisites required by regulations in force for the assumption of office, as well as the curriculum vitae of each candidate, with indication of the offices of held.

Slates presented that do not comply with all of the above formalities are considered as not presented.

All those entitled to vote shall vote for only one slate.

The procedure for electing Statutory Auditors shall be as follows: a) from the list that has obtained the higher number of votes in the sections of the slate, two statutory auditors and an alternate auditor (the "**Majority slate**") are elected; (b) from the slate that has obtained the second highest number of votes and that is not associated, even indirectly, with the shareholders who have presented or voted on the Majority slate, based on the progressive order with which they are shown on the slate, the remaining statutory auditor and other alternate auditor are elected (the "**Minority slate**"). In the case of parity between two or more slates, the eldest candidates are elected.

The Chairman of the Board of Statutory Auditors shall be the first candidate on the Minority Slate.

Where his/her legal requisites no longer exist, the statutory auditor must leave office.

In the case of the substitution of a Statutory Auditor until the next Shareholders' Meeting, the Alternate Auditor is taken from the same list as the auditor vacating office. When a Statutory Auditor vacates office, including the chairman of the

Board of Statutory Auditors, the chairmanship is assumed until the next Shareholders' Meeting by the alternate member of the same list from which the Chairman was elected.

If the alternate auditor cannot complete the Board of Statutory Auditors, a Shareholders' Meeting is convened to elect the Statutory Auditors and chose, where the statutory auditors may still be elected, from among the candidates on the slate from which the vacating statutory auditor was a member. In all of the cases in which it is not possible to form the Board of Statutory Auditors by that set out above, the dispositions of law are applied.

In the case in which only one slate is presented or in the case in which no slate is presented, the Shareholders' Meeting votes by statutory majority.

BOARD OF STATUTORY AUDITORS

In accordance with article 20 of the By-Laws, the Board of Statutory Auditors is composed of three standing members and two alternate members, shareholders and non-shareholders, and appointed by the Shareholders' Meeting, which determines their annual remuneration and the duration of office. The attributes, duties and duration of the Board of Statutory Auditors are based on that required by law. In accordance with law, the outgoing statutory auditors may be re-elected.

The present Board of Statutory Auditors were appointed by the ordinary Shareholders' Meeting on March 22, 2007 and will remain in office until the approval of the financial statements at December 31, 2009. The members of the Board of Statutory Auditors are listed in the following table:
